Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022/23 educational progress for Inkster Preparatory Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Ms Tiffany Dudley for assistance.

The AER is available for you to review electronically by visiting the following web site: https://www.mischooldata.org/annual-education-report-1?Common_Locations=1-D,2950,119,0 or you may review a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

The Academy will employ the following strategies in the school-wide plan which will focus on helping ALL students reach the State's standards: Teachers will utilize high quality instructional practices for whole group and small group instruction that focuses on both math and reading, reinforcing basic skills through differentiation (small group and one-on-one), technology and extended learning opportunities for all students (at-risk, average and advanced) in order to deepen their understanding of concepts. The Academy believes that parents and teachers share many roles. The Academy provides developmental activities during curriculum nights to support all parents in their ability to assist in the education of their students in order to improve their child's skills in all core content areas. The Academy Staff will provide additional learning opportunities for students furthest from the targets of the state and local assessments in order to improve skill levels in core content areas. Teachers continually review data at the end of each testing cycle to identify students who may be in need of additional assistance in a smaller group setting. The school social worker will help resolve conflicts that arise between all students regarding academic requirements and behavior/attendance/health policies and/or expectations in order to improve academic achievement.

While we celebrate the growth of the students, the Academy continues to strive for greater student achievement in all academic areas for all students. The following initiatives will continue to assist the students in reaching their highest level of performance:

- After School Tutoring and Enrichment Programs
- Reading and Mathematics Interventionist during the school day

- Middle school STEM programs
- Online Intervention Program (iReady)
- Virtual Tutoring
